### WEATHER MAN AIDS IN YULE EVENT PLANS

Work Rushed on Santa Claus Parade and Christmas Street Festival Plans in Vernon Friday Night—Vernon High School Band To Play.

The Weather Man joined forces with Vernon business men Tuesday morning as plans were being completed for the Santa Claus parade and street festival here Friday night. Although Christmas lights had been installed at street intersections and other points in the business section, and Christmas trees placed in front of scores of business establishments, it remained for a sudden change in weather to provide Vernon and this section with its first Yuletide spirit. Skies were overcast Tuesday morning with snow-like clouds and several days of weather contrary to the Christmas season were followed with a sharp drop in the temperature.

Stores Decorating.  
In preparing for the Christmas shopping season, staffs of Vernon stores are busy this week building new shelves and display racks and decorating their establishments. New merchandise is being unpacked daily for the shopping rush expected between now and Christmas.

Plans for the Christmas festival Friday night at 7 o'clock are under the direction of C. Fred Russell, chairman of the trade development committee of the Vernon Chamber of Commerce.

The float which will carry Santa Claus in a colorful parade is being decorated by a committee from the Business and Professional Women's Club.

A generous supply of candies for the kiddies will be distributed by Santa Claus during the parade. Plans for the event will be furnished by the 50-piece Vernon High School band under the direction of E. W. Shepherd.

Vernon's Christmas lighting system will be turned on Friday for the first time this season and will remain in operation throughout the holiday period.

### OKLAHOMA GUSHER GIVES ATMOSPHERE FOR OIL MEN

Okla. City, Dec. 1. (AP)—Gushing oil wells produced the proper atmosphere Tuesday for the annual convention of the Independent Petroleum Association of America.

Delegates were escorted to the Moore Field, south of Oklahoma City in Cleveland County, where the Sinclair-Prairie Holmes No. 1 well in the south part of the field, was ready to open and allowed to clean itself out over the derrick in old-fashioned style.

General sessions of the I. P. A. A. will begin again Tuesday, with delegates listening to talks by C. M. Boggs, Arkansas City, Kan., president of the Western Petroleum Refiners Association, and T. M. Martin, El Dorado, Ark., vice president of the Lion Oil Refining Company. Committees will report. The convention was to adjourn in the afternoon.

### TALK ON TUBERCULOSIS SET FOR RAYLAND CLUB MEETING

Dr. A. L. Borchardt will speak on "Tuberculosis" Tuesday evening at 7:15 o'clock at the Baptist Church in Rayland. All members of the Thrifty Home Demonstration Club are urged to attend, and other people in the community are cordially invited, officials said Monday.

Behind the CHRISTMAS SEAL

1857 First free hospital for consumptives in Boston

Boston was the first city in this country to realize the need for hospitals to care for poor people with tuberculosis. At that time anyone with this disease was considered doomed to death and the sufferer was directed toward making the sufferer's last days as comfortable as possible. The Channing Home for white women in all stages of pulmonary tuberculosis was inadequate for the many victims and in 1861 the House of the Good Samaritan was founded. In 1864 Cullis Consumptives' Home was opened for both men and women with advanced disease.

### State Auditor

Appointment of Tom C. King of Dallas, State Auditor, succeeding C. B. Sheffield Dec. 1, was announced last week by Governor Allred as a promotion from the position of assistant State Auditor. Prior to his connection with the auditor's office he was with the RFC in Washington. King attended Vanderbilt and Tulane Universities and received his law degree at Washington University in St. Louis. He was admitted to the bar in Texas in 1927 and received his Certified Public Accountant certificate in November, 1931.

### FRENCH AGREE ON WAR DEBT PAYMENT TO U. S.

Paris, Dec. 1.—U. S. Ambassador William C. Bullitt, Premier Leon Blum, and Foreign Minister Yvon Delbos agreed in principle at a secret conference Monday on a new formula for payment of war debts. The formula envisages Great Britain in a three powers settlement which would reduce obligations of the two European debtors.

A decision to negotiate rather than a detailed settlement, it was thought the new agreement might bring Premier Blum to the United States as a special ambassador to conduct detailed negotiations leading to a final treaty.

America was asked to give nothing in return for the new agreement and resumption of payment.

### ACTION ON WAR DEBT AWAITS PRESIDENT'S STUDY

Paris, Dec. 1.—France has expressed official interest in re-opening the war debt question but has been told any negotiations must await the return to Washington of President Roosevelt, a United States Embassy spokesman said Tuesday.

The debt question was raised briefly by Foreign Minister Yvon Delbos Monday during a conversation with William C. Bullitt, the United States Ambassador.

### PARIS TAKES LEAD IN DISCUSSION OF DEBTS

Washington, Dec. 1. (AP)—Administration sources said Tuesday France had taken the initiative in approaching the United States on the war debt question and that conversations were under way in Paris between French officials and government representatives.

Officials emphasized that no definite plan for settling the debt problem had been advanced by Paris. They said the United States had made no offer of any kind relative to revising debt agreements.

### SEARCHERS FOR BLANTONS AWAIT RANGER'S RETURN

San Perlita, Texas, Dec. 1. (AP)—Wear searchers, repeatedly defeated in efforts to find a trace of Luther and John Blanton since their disappearance Nov. 18, marked time Tuesday awaiting the return of Ranger Captain Bill McMurry.

The continued absence of Captain McMurry from the center of the search gave rise to hopes he might have found worth while clues elsewhere.

A posse of 50 men, headed by county officers and Rangers, returned Monday from a fruitless search on the vast King ranch where the Blantons went to hunt ducks and failed to return.

### NAVY GIVEN CHANCE FOR BID TO ROSE BOWL GAME

Los Angeles, Dec. 1. (AP)—Bill Henry, sports editor of the Los Angeles Times, said Tuesday there is a "possibility that an Eastern team, with Navy a likely nominee, may be chosen to meet Washington in the Rose Bowl football game on New Year's Day."

## Reds Rout Fascists at Strategic Hospital Site in Fiery Battle

### REBELS RENEW DRIVE ON CITY NEAR PRISON

Socialists Report Attack as Heaviest of War—Strong Government Forces Hold Edge in Fighting of Last Few Days at Madrid.

Madrid, Dec. 1. (AP)—Capture of the strategic "hospital clinic" from insurgents in an all-morning battle in University City was announced Tuesday by a reliable Government source. A violent government attack on the modern building, one of the major Fascist strongholds in northwestern Madrid during the long siege of the city, began with heavy cannonading. Then a great blast from Government mines tore at the structure. Reports said it was half destroyed. Government infantrymen swarmed at the ruins and, in desperate fighting officers said what remained of the building was wrenched from the defending insurgents.

At the same time there were reports of a heavy engagement in the Model Prison area. It followed heavy insurgent gun and airplane bombardment of Government lines in the Rosales and Cuatro Caminos districts of Northwestern Madrid.

Socialist commanders decried the attack as "the heaviest since the beginning of the war."

Fascist troops followed up the barrage of bombs and shells tossed into government barricade blocking the entrance of the insurgents into the Capital.

Government artillery responded to the bombardment immediately while Socialist soldiers were rushed to reinforce the entrenched positions on the outskirts.

Rifle and machine gun fire sent a rain of slugs into the "no-man's-land" between the opposing lines. There was no indication as to the possible success of the insurgent attack. Strong government forces have repulsed the Fascists during the last few days fighting.

### TENSION OVER INCREASE IN OIL ALLOWABLE EASES

Okla. City, Dec. 1. (AP)—A troublesome oil allowable situation was somewhat clarified Tuesday by indications Oklahoma and Kansas may increase their December production five per cent and the Interstate Oil Compact Commission went into session with much of the tension removed.

Col. E. O. Thompson, chairman of the Texas Railroad Commission, which increased that State's allowable by 5 per cent or about 50,000 barrels daily, said he informed representatives of Oklahoma and Kansas that Texas would "have no objection to other states increasing their allowables if they had the demand."

The Oklahoma Corporation Commission set for Dec. 11 a hearing to take new evidence with the idea of determining whether a 5 per cent increase would be warranted by demand.

Homor Hoch, Kansas Corporation Commission chairman, said "we probably will issue a supplemental order later raising our allowable to an equal percentage with Oklahoma and Texas."

The Commission was expected to take up the adoption of a uniform law extending the compact agreement which would be presented to oil state legislatures and Congress. The present compact will expire in September, 1937.

### PRELIMINARY WORK IS UNDER WAY ON BRIDGE

Surveying of the bridge site and testing of materials to be used in construction were started Tuesday morning as plans neared completion for building an \$18,000,000 concrete and steel bridge across Pease River on Highway 25, two miles north of Vernon. The State Highway Department has allowed Oran Speer, contractor, 200 working days, beginning Dec. 3, in which to complete the bridge and concrete approaches.

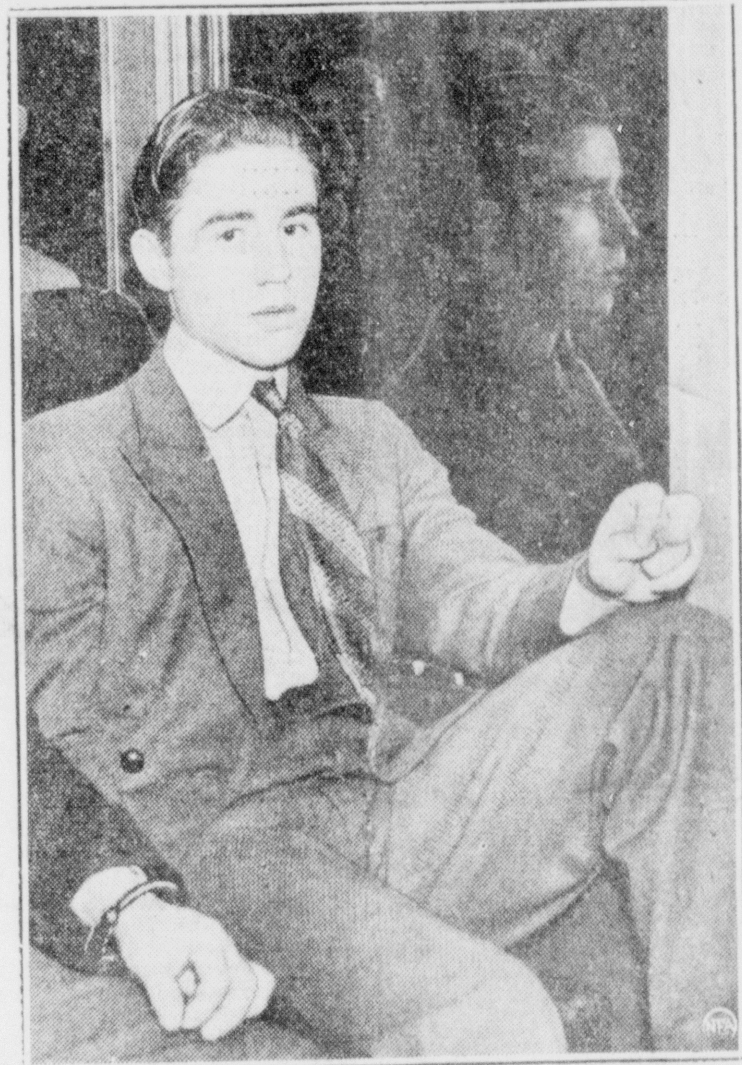

### Bandits Fail To Escape

Lincoln, Neb., Dec. 1. (AP)—John Giles, Genoa bank robber, and John Larimore, Bart County burglar, slugged two Nebraska penitentiary guards in a futile attempt to escape from the prison Monday. They were captured by Guard Captain N. W. Kearney. Louis Kreuger, a guard, was battered about the head with a board and taken to a hospital. Guard Eddie Rogers was overpowered, bound with wire and tossed into an empty cell.

### Gulf Development Talked

Bay City, Texas, Dec. 1. (AP)—E. O. Taulbee, president of the Gulf Coast Development Association, called a directors' meeting for Thursday at Wharton to determine future policies and elect officers.

### Sober Reflection

"I guess I deserved what I got," 17-year-old James Sullivan reflects as, shackled to a detective who shared the seat with him, he made the all-too-brief journey from New York to Sing Sing prison's death house. "If only I hadn't... If only he hadn't killed Abraham Myerson in a \$9 robbery he might have been playing in the snow instead of facing electrocution on January 7.

## LUXURY GIFTS' S. W. OKLAHOMA GETS FIRST MAJOR WELL IN TILLMAN

Washington, Dec. 1. (AP)—Secretary Roper said here that reports to the Congress from all sections "clearly show that people are buying this Christmas more expensive types of gifts than for any season since 1929."

In the first comment from an administration source on recent heavy dividend declarations, Roper said "the unprecedented distribution of corporation funds through bonuses and extra dividends is a most stimulating factor" in the Christmas buying surge.

"Progress reports" on Christmas business, the Secretary said, support previous predictions that department store sales this season "will be at least 15 per cent greater than in 1935 and will closely approach the volume attained in the 1929 season."

"Our reports give evidence of the fact that people throughout the country are in a much more prosperous condition now than has been the case for the last seven years," he continued.

"The general upturn of business, more widespread employment and better prices obtained by farmers, have been major factors in stimulating this holiday trade to the highest levels in several years."

### FIRE WRECKS LONDON'S HUGE CRYSTAL PALACE

London, Dec. 1.—Property damage estimated at more than \$10,000,000 was wrought Monday night as fire destroyed the Crystal Palace, London's "Madison Square Garden." The fire started in a women's cloakroom and destroyed not only the \$8,750,000 building itself, but also valuable television equipment which had recently been used in the palace in the world's first practical television broadcast. Included in the destruction were priceless paintings, art objects and historical souvenirs and documents; a vast pipe organ and musical instruments worth many thousands of dollars.

The 85-year-old edifice was rocked by three explosions which shook the entire South London neighborhood. Several firemen were overcome and others narrowly escaped being trapped in the gigantic structure.

### FIVE-IN-ONE P-T. A. TO MEET AT SCHOOL TUESDAY

Members of the Five-in-One Parent-Teachers Association will meet at the school Tuesday afternoon at 3:45 o'clock. Plans will be made for an old fiddlers' contest, the proceeds from which will be used to purchase uniforms for the school band.

### TOKYO POLICE REVEAL PLOT ON PREMIER

Pickpocket Unwittingly Starts Chain of Events Delivering Suspect to Officers—Reported Confession of Plot Obtained.

Tokyo, Dec. 1. (AP)—A pickpocket unwittingly frustrated a plan to assassinate Premier Koki Hirota, authorities disclosed Tuesday.

The pickpocket was one link in a chain of extraordinary circumstances which delivered Ko Watanabe, 36, to the police.

Watanabe, arrested with dynamite, a razor-edged spearhead and petitions to five Cabinet ministers in his possession, told police he had sought a chance for three days to kill the Premier.

He said he had about 50 yen (\$43) when he arrived in Tokyo from Fukushima Prefecture, and had planned to spend part of it to bribe Hirota's chauffeur in order to get near enough to the Premier to attack him.

But when he stopped to buy a bottle of milk, he told police, his pockets were picked clean. Peniless, he sat on a park bench to think over the situation.

The milk, apparently, was contaminated. Watanabe soon became violently ill. A passing policeman offered to massage his stomach.

While performing this service, the patrolman discovered the dynamite and petitions concealed in Watanabe's clothing. He immediately took Watanabe to the police station where, officials said, he confessed.

## GARNER TALKS ON CAMPAIGN

"FRANK KNOX CAMPAIGNED FOR ME," COMMENTS VICE PRESIDENT

Washington, Dec. 1. (AP)—Vice President Garner said Tuesday he did not take an active part in the Presidential campaign because "Frank Knox was doing my campaigning for me."

The Republican Vice Presidential candidate lost more votes for his ticket than he gained, Garner asserted as he took up his executive duties on his return from Texas.

He admitted he had underestimated the strength of his own party, predicting a few days before the election that the Democrats would lose four states—Maine, Vermont, Michigan and New Hampshire.

The 67-year-old Texan declined to comment on reports that France would propose a new war debt settlement with the United States, calling for a further reduction in payments.

It was recalled, however, that during his 30 years' experience in the House Garner had steadfastly opposed all concessions to foreign debtors.

Heavily tanned and in vigorous health after a Summer on his Uvalde, Texas, ranch, Garner said he would support actively the campaign of Representative Rayburn of Texas for Floor Leader of the next House of Representatives.

### DUELING DOCTOR TALKS TOO MUCH, SAYS COURT

Budapest, Dec. 1. (AP)—A Hungarian Court of Honor was reported Tuesday to be contemplating disqualification of pugnacious little Dr. Franz Sarga from his remaining duels because he's talked too much.

The honor code under which Sarga must conduct his unfinished dueling business requires that fighting gentlemen keep the details of their quarrels secret.

Dr. Sarga, who has fought two encounters and wants to engage in seven more against young bloods who sneered at his marriage to a Budapest belle, has not been particularly tight-lipped. Dueling purists even pointed out he rode to the field of honor last week in a reporter's car before wounding one opponent and missing the second.

### Position of Treasury

Washington, Dec. 1. (AP)—The position of the Treasury on Nov. 28: Receipts, \$6,777,882.30; expenditures, \$5,165,101.74; balance, \$1,422,152,789.49; customs receipts for the month, \$33,422,992.77. Receipts for the fiscal year (since July 1), \$1,630,252,824.45; expenditures, \$2,856,972,085.10, including \$1,134,664,541.71 of emergency expenditures; excess of expenditures, \$1,226,719,260.65; gross debt, \$35,795,164,271.41, a decrease of \$1,397,569.19 under the previous; \$1,397,569.19 under the previous; \$1,397,569.19 under the previous; \$1,397,569.19 under the previous.

### New Queen?

Belgium is stirred by report that its King Leopold, whose wife was killed in an auto accident, may take the Archduchess Adelaide, above, as his second bride. The archduchess is a sister of Archduke Otto of Hapsburg, pretender to the throne of Austria.

## OFFICE RUSHED AS SPLIT TAX DEADLINE IS BEATEN

The office of the Wilbarger County Tax Assessor-Collector had its biggest rush in many months Monday as nearly 150 taxpayers took advantage of the split payment plan of paying 1936 taxes. Monday offered taxpayers their last opportunity to pay half of their taxes and then have until July 1 to pay the other half without interest or penalty.

The number taking advantage of split payments this year was slightly more than 300, as compared with 156 last year, according to information from the Collector's office.

Approximately \$65,000 in 1936 taxes have been paid at the office since Oct. 1. Total assessments on the 1936 rolls amount to about \$358,000.

### COURT RUSHES SELECTION OF JURY IN KIRK DEATH

Amarillo, Dec. 1. (AP)—Night sessions were being anticipated Tuesday to complete a jury for the trial of Louis Kirk, charged with the slaying, July 26, of his estranged wife, Florence.

Throughout Monday from a special venire of 250 only two jurors were selected.

Examinations continued slowly Tuesday.

"Progress is too slow," commented Judge E. C. Nelson, Jr., who instructed counsel and veniremen to make no night appointments. "The court cannot spend more than two days in selecting a jury."

Kirk, Amarillo, bricklayer, stands accused of slaying Florence Kirk, the former Florence Morgan of Bicknell, Ind.

Testimony in the trial probably will not begin until Wednesday.

### SELECTION OF JURY IN BRIDGES CASE DELAYED

Lamesa, Dec. 1. (AP)—Attorneys sought Tuesday to complete a jury to try Monte Bridges for the slaying of Bertha Gordon near Post July 1, 1934.

Three jurors were accepted Monday after the court denied a notice for a change of venue.

Miss Gordon and Jay Donaldson were found shot to death on a roadside. Bridges was given 20 years in Donaldson's death.

### VERNON WITHOUT INSURED FIRE LOSS IN NOVEMBER

Vernon was without an insured fire loss during November, although five fire alarms were answered by the Vernon Fire Department, four within the city and one in West Vernon. Only slight damage resulted in the four Vernon fires. The blaze at a West Vernon residence caused the most damage. It was extinguished after damaging one room and a closet.

### AMPLE TURKEY SUPPLIES FOR SEASON REPORTED

Washington, Dec. 1. (AP)—Despite heavy Thanksgiving feasting there's still enough turkey to go around. Gobbler experts at the Agricultural Department said Tuesday that "each consumer's quota of this year's crop of turkeys, if they were all divided into equal shares, would be almost one sixth of a turkey."

## PROGRAM FOR DAY CHANGED AS GUARD DIES

Argentine Congress Honors President in Promotion of Conference—Heart Attack Fatal for Personal Bodyguard of Chief Executive.

Buenos Aires, Dec. 1. (AP)—President Roosevelt, saddened by the sudden death of his friend and protector, August (Gus) Gennerich, cancelled a projected motor tour of Buenos Aires suburbs Tuesday, but decided to go on with his message of Inter-American peace.

Except for the night-seeing ride, Mr. Roosevelt's program for the day was left unchanged and he will open the Inter-American Peace Conference of 21 states as originally scheduled Tuesday.

Gennerich, the President's personal guard, died of a heart attack early this morning while dancing in a gay Buenos Aires cafe. He was 55 years old.

Delegates from all the American states, represented here, meantime, hailed the conference as bearing the "whole-hearted support of citizens of all Western World Republics."

They gave full credit for the conference proposal to President Roosevelt, who first suggested the meeting last February.

The United States' Chief Executive was to begin the sessions at 6 p. m. after the delegates were called to order by Carlos Saavedra Lamas, Argentine Foreign Minister.

Vice President Julio Argentino Roca, president of the Argentine Senate, and Carlos Noel, president of the Chamber of Deputies, were to present him with a congressional resolution honoring him for suggesting the Inter-American meeting.

After the opening conference ceremonies, Mr. Roosevelt was to be the guest of honor at a dinner given by President Justo Agustin of Argentina, followed by a reception for Argentine officials and conference delegates.

Actual discussions at the international assembly will not begin until Thursday.

Among the prominent speakers at slated sessions will be Cordell Hull, United States Secretary of State, and Dr. Saavedra Lamas.

Outstanding among the projects to be considered is Secretary Hull's proposed neutrality treaty to bind the American nations in strict agreement not to assist belligerent nations in time of war.

### GENNERICH HELD POSITION OF HONOR WITH PRESIDENT

New York, Dec. 1. (AP)—Husky, white haired August "Gus" Gennerich, in Buenos Aires early Tuesday, went from the saddle of a New York Police Department motorcycle to a position of honor and trust in the White House.

Thousands of Americans have seen his photograph, with the President leaning on his strong right arm. While his name was seldom mentioned, "Gus" nevertheless was an important feature in the routine of the Nation's leader both in Washington and Albany.

In 1933, Gennerich officially retired from the police force after 25 years' service, and became a member of the Secret Service. President Roosevelt hired him on the recommendation of Senator Wagner of New York.

Gennerich called President Roosevelt "boss" and was with him practically day and night. While other Secret Service men rode on the running board or in other cars, Gennerich always sat beside the President's chauffeur. He was the first to assist the President in and out of his automobile.

Gennerich's funeral, it was announced, will be held in President Roosevelt's temporary executive offices at the United States embassy at 10 a. m. Wednesday. C. V. Ellis, chaplain of the U. S. cruiser Indianapolis, will read the service.

Then the body is to be taken aboard the Indianapolis, on which he came to Buenos Aires with President Roosevelt, and carried back to the United States.

A further service may be arranged at the White House in Washington after the President's return, it was understood.

### ROOSEVELT DECLARES AGAINST LEAGUE ENTRY

Buenos Aires, Dec. 1. (AP)—President Roosevelt declared flatly Tuesday at a press conference there was no possibility of the United States entering the League of Nations.

### Source Notes

Richmond, Va., Dec. 1. (AP)—Musia loving prisoners at the State penitentiary, Superintendent Rice M. Youell has ruled, must buy their radios from the prison commissary hereafter. The reason: A felon's friends sent him a battery set. In a concealed compartment of the cabinet, guards found a brace of pistols.

### Auditor Begins Work

Austin, Dec. 1. (AP)—Tom King of Dallas began his duties Tuesday as State Auditor. He succeeded C. B. Sheffield, who resigned to become auditor for the Colorado River Authority.

## MILITARY PACT IS ANNOUNCED

BRITISH PLEDGE MATCHED BY FRANCE IN MUTUAL AID AGREEMENT

Paris, Dec. 1. (AP)—Conclusion of an Anglo-French military accord, by which Great Britain and France agree to assist each other in case of an unprovoked attack, was reported by reliable sources Tuesday.

Charles Corbin, French Ambassador to London, personally communicated his country's pledge to the British foreign office in response to a similar guarantee from Great Britain Nov. 20, it was declared.

(British Foreign Secretary Anthony Eden, at that time, declared France could count on British aid if she were attacked without provocation by another European nation. Last week he made a similar pledge to Belgium.)

The end of the military assistance negotiations came after members of Premier Leon Blum's cabinet met for what an authoritative source said was study of "certain problems of defense posed by present events."

Reports of the Anglo-French accord were interpreted in some circles as carrying the implication France and Great Britain had abandoned hope of reviving the Locarno mutual security treaty, abrogated when Germany reoccupied the Rhineland last March.

Nimrod's Active.

Austin, Dec. 1. (AP)—Texas' army of nimrods swelled materially Tuesday as the opening of the quail and chachalaca seasons over the State and mourning dove season in the South Zone found thousands of hunters in the woods and fields.

## On The Stage

Jesse James, in hiding for 31 years, makes a personal appearance on the stage of the Majestic Theater Wednesday and Thursday as the feature of an added attraction on the program which offers "Yellow Dust" on the screen, starring Richard Dix.

## DAILY CRUDE RUNS LOWER

PRODUCTION FOR WEEK IN COUNTRY DOWN; TEXAS SHOWS INCREASE

Tulsa, Okla., Dec. 1. (AP)—A decrease of 49,958 barrels daily brought the production of crude oil in the United States down to 3,009,586 barrels daily during the week ending Nov. 28, the Oil and Gas Journal reported Tuesday.

Oklahoma showed a decrease of 25,300 to 568,125 barrels daily but East Texas was up 1,250 barrels to 149,150 and the total State of Texas increased 7,285 to 1,162,633 barrels daily.

Louisiana's production was up 1,747 to 235,407 barrels daily, California decreased 25,800 to 507,200 barrels daily and Kansas decreased 1,000 barrels daily to 165,400.

March recovered from 11.85 to the initial high of 11.89 and prices generally were ruling at net gains of 2 to 8 points.

The first of the private crop reports appeared pointing to production of 12,281,000 bales and comparing with an estimate of 12,045,000 from the same source a month ago and a government November indication of 12,400,000 bales. The government estimate is scheduled for publication Dec. 8.

Cupid Keeps Busy.

Nineteen marriage licenses were issued from the office of the Wilbarger County Clerk during the month of November, raising the total number issued since Jan. 1 to 209. Twenty-one licenses were issued during October and 19 in September. Six of the licenses issued during November were to Negro couples.

Returns to Post.

A. P. McCulley Jr., has resumed duties at the Frost and Laxton Mortuary following completion of a course at the Landis School of Embalming in Houston, where he made the highest grades in his class, it was announced here Tuesday. Mr. McCulley last week passed the examination of the State Board of Embalmers at Dallas and received his license in embalming and sanitary science, it was stated.

Furniture Sold Again.

Hubert Self has sold his interest in the Texas Company station on East Wilbarger Street to Carl King and is now with the Dollar Down Furniture Company. Mr. Self has had many years of experience with furniture stores in Vernon. He was with the Youngblood store at the time it was destroyed by fire last July.

Resettlement Meeting Called.

Julian Wright, rural supervisor, and Miss Sophia Klund, home supervisor, for the Vernon office of the Resettlement Administration will attend a district meeting of Resettlement supervisors in Dallas, Dec. 7, 8, and 9. Activities for 1937 will be outlined and discussed at the meeting. Senator Tom Connally will be the principal speaker. The Vernon RA office serves Wilbarger and Baylor counties.

Cox Promotion.

H. G. Cox of Vernon has been put in charge of social service work in Wilbarger, Hardeman, and Baylor counties by the Social Service Department of the district WPA office in Wichita Falls, according to word received here. For the past month Mr. Cox has been connected with the office in Wichita Falls, but his transfer became effective Monday.

Interesting Find.

Two old copies of the Literary Digest, one dated May 23, 1896, and another March 4, 1896, were found Monday by John Crawford, who is helping remodel an old house on Mesquite Street. The magazines were found in the attic, and are in good condition despite the fact that they are 40 years old. A portion of the magazine is devoted to the prospective candidacy of William McKinley for the presidency.

### COTTON

New York, Dec. 1. (AP)—Cotton futures opened steady, 3 to 8 points advance on higher Liverpool cables and active trade and foreign buying. Dec. 12, 05; Jan. 11.91; March 11.89; May 11.74; July 11.63; Oct. 11.62.

The initial rallies met considerable hedging and realizing but after prices had reacted 3 or 4 points the offerings tapered off and prices turned steadier before the end of the first half hour.

A large share of the buying came from abroad including Liverpool arbitrage purchases. Wall Street and commission houses were also among the buyers while spot houses took nearby positions.

March recovered from 11.85 to the initial high of 11.89 and prices generally were ruling at net gains of 2 to 8 points. The first of the private crop reports appeared pointing to production of 12,281,000 bales and comparing with an estimate of 12,045,000 from the same source a month ago and a government November indication of 12,400,000 bales. New Orleans, Dec. 1. (AP)—The buying side remained in control at the opening of the cotton market Tuesday.

Gains were small, ranging from 2 to 5 points, but the undertone was steady and offerings were quickly snapped up by a good trade demand. Foreign markets were better and this imparted early strength to domestic dealings. Liverpool reported less apprehension over the European situation and a more bullish attitude on the part of the trade in general.

At New Orleans, Dec. opened at 12.01, Jan. at 11.84, May at 11.69 and July at 11.54.

While the trade still had nothing official on which to base their belief, the opinion prevailed that next year's American crop would be subjected to restriction. This was said to be the main reason behind the current steadiness.

Futures closed steady at net advances of 16-18 points.

## DU PONT AID IS TOTALED

SENATE COMMITTEE LISTS CONTRIBUTIONS DURING PRESIDENTIAL DRIVE

Washington, Dec. 1. (AP)—Campaign contributions totaling \$144,430 by three members of the Du Pont family, opponents of the Roosevelt Administration, were announced Tuesday by the special Senate committee investigating political expenditures.

In its first post-election report, the committee also showed that Mrs. Joseph E. Davies, wealthy breakfast food heiress and wife of the recently appointed Ambassador to Russia, had given \$6,500 to Democratic campaign funds.

Her husband's contributions, understood to be at least as large, have not yet been compiled.

J. P. Morgan donated \$50,000 to 10 Republican organizations, investigators announced, while two members of the Mellon family, long prominent in Republican councils, spent \$40,000.

The committee said it would ask every person who contributed \$500 or more to any political organization "to submit detailed information." The information will be used "in making legislative recommendations to the President and to the Senate."

Investigators indicated they probably would recommend far-reaching revisions of present law to strengthen Federal regulation of political spending. Their study has been spurred by the unprecedented expenditures—totaling more than \$13,000,000—in the last campaign.

MEDIATION EFFORTS IN SPANISH WAR REPORTED

Paris, Dec. 1. (AP)—Reports published in the Paris Press Tuesday said France and Great Britain, with the possible assistance of the Vatican, were preparing an attempt to mediate the Spanish Civil war.

Officials of the Foreign Office refused to confirm the reports, which said the apparent deadlock of opposing armies at Madrid had led to London and Paris discussions of a possible Armistice.

Vatican Denies Report.

Vatican City, Dec. 1. (AP)—Prelates denied categorically Tuesday that the Vatican contemplated entering any international effort to attempt mediation of the Spanish war.

CANADIAN-BORN COLD WAVE STRIKES IN EAST

New York, Dec. 1. (AP)—A Canadian-born cold wave, which advanced across the Great Lakes, moved into the East Tuesday, bringing below freezing temperatures.

The streets of New York were swept by winds with the temperature 12 degrees above zero at 5:30 a. m., Eastern Standard Time.

Lowell, Mass., experienced the coldest Dec. 1 in 47 years when the thermometer fell to 8 above zero.

Canal traffic in the Eastern Inland Waterways was impeded by the intense cold as sludge ice started to solidify.

FORMER BROADWAY SHOWGIRL ATTEMPTS TO CLEAR HUSBAND

New York, Dec. 1. (AP)—The Daily News in a copyright story Tuesday said Honey Hamilton, former Broadway showgirl, had ended a five-year quest in New York's underworld for information to clear her husband, Nicholas Rutigliano, of kidnap charges.

Rutigliano, alias Nick Green, 32, was given 60 years along with three others in October, 1931, upon their conviction in the abduction of Charles Rosenthal, wealthy young curb broker.

"In the office of Governor Lehman," The News said, "she (Mrs. Rutigliano) filed an appeal for the release of her husband alleging she had found the real culprit and caused his indictment."

BOWIE MAN APPOINTED STATE TAX BOARD AUDITOR

Austin, Dec. 1. (AP)—Marvin Hall, State Tax Commissioner, has announced appointment of Frank Moss of Bowie as chief auditor of the Board. Moss succeeds D. B. Johnson who resigned recently to become chief auditor for the Unemployment Insurance Commission.

Moss is a former secretary of the Bowie Chamber of Commerce and assistant administrator and personnel director for the State Liquor Control Board.

Paris 'Phone Service Opens.

Washington, Dec. 1. (AP)—The American Telephone and Telegraph Company Tuesday inaugurated the first direct telephone circuit to Paris. The event took place in the Federal Communications Commission offices with Chairman Anning S. Prall talking to Robert Jardiller, Minister of Posts, Telegraph and Telephone in Paris.

Outfoxed.

Aberdeen, S. D., Dec. 1. (AP)—Municipal Judge George W. Crane's decision paraphrased the old saw to show a fox in the hand is worth two in the bush. Walter Perrin set a trap for a fox. The animal stepped into it but scampered away with the trap and was captured by a neighboring farmer. Judge Crane ruled on Perrin's claim to the fox because he had not "reduced it to lawful possession."

## Banking Styles and BANKING PRINCIPLES

If honest old Socrates lived in America today, he would change his out-of-date tunic and mantle for a business suit. . . . But he wouldn't change his principles.

Our banks of today are changing their methods to meet the needs of a changing age—but they do not need to change the bed-rock principles of sound management which have been good in the past, and which will be good in the future.

## PAROLE WORK SET DEC. 3-5

SEVERAL STATES TO SEND  
REPRESENTATIVES TO  
NEW ORLEANS

Austin, Dec. 1. (P)—Governor Allred has expressed confidence an agreement for an interstate compact on parole problems would be reached at a conference in New Orleans Dec. 3-5.

Representatives of several Southern states have signed intentions of attending the meeting, which will follow the work of an organization conference in Galveston.

Governor Allred will inspect the Prairie View Normal for Negroes Tuesday and continue to New Orleans, departing for Little Rock, Ark., in time to see the University of Texas-Arkansas University football game, Dec. 5.

From Little Rock he will go to Indianapolis, where he will deliver an address at a farewell banquet for Governor Paul McNutt of Indiana, Dec. 8.

Lieutenant Governor Walter F. Woodul of Houston also will attend the New Orleans conference and in the absence from the State of both Allred and Woodul the president pro tempore of the Senate, Tom Deberry of Bogata, will be Acting Governor.

Members of a Senate committee, Wilbourne B. Collier of Eastland, Weaver Moore of Houston and Roy Sanderford of Belton, and Representative A. T. McKinney of Huntsville likewise will go to New Orleans.

## UNIVERSITY HEAD NAMES HUSBAND FOR JAP GIRL

Tokyo, Dec. 1. (P)—Hikido Mayehata, 23, Olympic champion of the women's 200-meter breaststroke, is going to marry Masahito Hyoto, 28, a young surgeon—chosen as her husband by a university president.

Miss Mayehata had many suitors—among them millionaires and peers. Unable to make up her mind which one to accept, she finally appealed to Masahito Sugiyama, president of the university from which she was graduated.

After long and careful consideration he selected young Hyoto, a comparatively unknown surgeon, who has seen Miss Mayehata only twice.

## Moderate Weather Recorded During Past Month Here

Moderate weather was recorded during most of November by John D. Huntley, Government weather observer for Vernon. Freezing temperatures were recorded on six days of the month, with minimum of 24 degrees registered on Nov. 24. The maximum of 72 was recorded on the first day of the month.

Rainfall amounted to only .09 of an inch, bringing the total for the year to 18.86 inches, a comparison with 24.96 inches for the first 11 months of 1935. Rainfall in November of last year totaled 1.92 inches. Rain this year fell on Nov. 9.

Although a light frost visited this section on Oct. 27 with temperature of 32 degrees, the first killing frost this year came on Nov. 4 with a minimum of 30. The first frost in 1935 was on Nov. 5, at which time a light freeze was recorded. Freezing temperature was recorded five days of November, 1935.

During the past month there were 15 clear days, 11 partly cloudy, and four cloudy. The lowest maximum, 48 degrees, was recorded Nov. 9. The highest minimum, 66, came on Nov. 2. The first three days of the month were the warmest of the 30-day period, maximum temperatures of 72, 70, and 70 being registered.

## R. L. LAMB AND SON GET TERM IN MENARD THEFT

Big Spring, Dec. 1. (P)—R. L. Lamb and his son, Alfred (Sonny) Lamb, pleaded guilty to robbing a liquor store at Coahoma, 10 miles east of here, July 27, and were sentenced to 25 years in prison Monday.

Alfred Lamb was identified by E. L. Gregg and his wife, victims of the robbery. The jury deliberated two minutes.

A. L. Barr, criminal investigator for the Department of Public Safety, said he and Captain S. O. Hamm of the State Highway Patrol would take the prisoners to Menard where they would be tried on a murder charge.

## Weatherman Fails To Get Results At Coast Points

Washington, Dec. 1. (P)—Tropical hurricanes didn't appear where the weatherman thought they would the past season so he's going to have to try again to learn more of their secrets.

Willis B. Gregg, Weather Bureau Chief, said Monday special instruments installed at three Gulf ports in cooperation with the Massachusetts Institute of Technology were not used this fall because "fortunately or unfortunately" the tropical storms didn't reach them. They were at Jacksonville, Miss., Augusta, Ga., and Montgomery, Ala.

"So, we're going to leave the instruments there for the next year's storms," Gregg said. "During the winter we may have an opportunity to study winter disturbances down there."

"We really were not successful at all this year but we will again try this new plan. The instruments will let us study the upper air currents, make soundings and get other valuable information we do not now have."

## SEAMEN DEMONSTRATE BEFORE GERMAN EMBASSY

Washington, Nov. 30. (P)—Police arrested a group of about 50 demonstrators Monday in front of the German embassy and charged them with parading without a permit. There was no violence.

Police said the demonstrators were members of the International Seamen's Union. They carried placards calling for release by the German government of Lawrence Simpson, American sailor, imprisoned in Germany.

## FIRST TEST OF JOBLESS AID PLAN SET IN BOSTON

Boston, Dec. 1. (P)—After a brief hearing, Federal Judge George C. Sweeney took under advisement Monday the first test case of the unemployment insurance provision of the Social Security Act.

The case was brought by George P. Davis of Waltham, who, as a stockholder in the Boston and Maine Railroad, sought to prevent payment by the railroad of the unemployment insurance tax.

Judge Sweeney indicated he would announce his decision on or before Dec. 15.

## A. F. L. Studies Wages.

Washington, Dec. 1. (P)—Raymond L. Olson, a chief worker, was sentenced Monday to life imprisonment on the charge that he murdered his Japanese sweetheart, Miki Takano, an actress. ## TEXAS SALES ACTIVITY HIGH

DEPARTMENT STORE SALES  
INCREASE 16 PER CENT  
OVER SEPTEMBER

Dallas, Dec. 1. (P)—The major indices of business and industrial activity in the Eleventh Federal Reserve district, says the Monthly Business Review of the Federal Reserve Bank of Dallas, reflected substantial seasonal gains in October. The level of activity was higher than in any corresponding month recent years, and retail distribution in terms of department store sales in principal cities, increased by 16 per cent between September and October, exceeding by 33 per cent the October, 1935, volume.

The combined sales of reporting wholesale firms, the Review says, showed a further increase of nine per cent compared with the previous month, and were 26 per cent greater than in the corresponding month last year.

Payments on accounts at wholesale and retail establishments indicated a material improvement. Also, there was betterment in the business mortality rate. Debts to individual accounts at banks in principal cities continued upward, the total for the month being 13 per cent more than for September, and 23 per cent larger than in October last year.

The Review says that after the seasonal decline in September, construction activity turned sharply upward in October. The valuation of building permits issued at principal cities was 40 per cent greater than in September, and 45 per cent more than the October, 1935, figure. Compilation by the F. W. Dodge Corporation showed the value of construction contracts awarded in the Eleventh district in October was 17 per cent and 35 per cent, respectively, higher than in September this year, and October last year.

Agriculture and livestock, the Review says, generally were favorable, and gives the Nov. 1 report of the Department of Agriculture as authority that the cotton crop showed some improvement. This, the Review says, was offset in part by lower estimates for some feed and minor food crops.

Farmers made good progress with harvesting and seeding of small grains. A good season obtains in practically all sections of the district, and the soil is in excellent condition for winter plowing. The Review says, Ranges generally are in better than average condition, "and livestock is going into the winter in fine shape."

The Review gives the average gross deposits of member banks in the district as \$1,262,060,000 (billion) in October, compared with \$1,216,599,000 (billion) in September. Their reserves with the Federal Reserve Bank amounted to \$162,207,000 Nov. 15, or \$6,281,000 higher than a month earlier, and \$40,906,000 in excess of those a year ago. The loans of reporting member banks in leading cities evidenced a further increase of \$7,618,000 between Oct. 7 and Nov. 11 and on the latter day were \$37,177,000 larger than on the corresponding date last year.

## ROSA PONSSELLA ANNOUNCES PLAN FOR WEDDING

Baltimore, Dec. 1. (P)—Romance like a page from a story book has come to lead beautiful Rosa Ponsella to the altar but not away from grand opera.

Soon—just how soon she cannot say yet—the will wed tall and handsome Carle A. Jackson, the beautiful she found in quiet and cultured Baltimore. But her singing will go on.

That much they made clear as Miss Ponsella entertained her husband-to-be at the Green Spring Valley Manisio where she is staying.

Jackson is the eldest son of Mayor Howard W. Jackson. He is associated with his father in the insurance business.

## LIVESTOCK LOAN PLANS DRAW HEAVY CRITICISM

Washington, Dec. 1. (P)—What he described as a "childish" whim between two Government agencies was blamed by Senator Frazier, Republican, North Dakota, for "widespread distress" and starvation of livestock in several drought-stricken States.

He said farmers were unable to obtain loans for the purchase of feed because the Resettlement Administration and the Farm Credit Administration had not reconciled their lending policies.

Frazier cited a report from McKenzie County, North Dakota, where 230 farmers had applied for feed loans, but 223 had not yet been able to get their money.

"It seems childish to have two different agencies quarreling over who will take care of the livestock," he said, "when there won't be any livestock if they don't hurry."

"Widespread distress" in the Dakotas, Oklahoma, Kansas, Texas, and other drought States is resulting from the delay in extending credits, Frazier said.

Elephants live to an age of 150 to 200 years.

CHILDRESS WILL REPLACE ELECTRA IN SCHEDULE FOR 1937

Plans for the 1937 season in the Northwest Texas Basketball Conference, the "Big Five," were made here Monday night at a meeting of coaches and school officials from four of the five schools in the loop. A. D. Beck of Wichita Falls was elected chairman of the conference, succeeding Marshall May, Vernon basketball coach last season who is now with the athletic staff of West Texas State, Canyon. Grady Graves of Childress was elected secretary. The representatives voted to limit membership to five teams and to accept the application of Childress High School to replace Electra. It was explained that Electra would be unable to compete in the conference this year due to a round-robin schedule in the Wichita County Interscholastic League. Other high schools in the loop are Quannah, Crowell, Wichita Falls and Vernon.

A double round-robin schedule, opening Jan. 8 and ending Feb. 12, will be played with eight games for each team. The conference set 7:30 p. m. as the time to start all games and recommended that two officials be used in each contest. Eligibility rules will be the same as those of the Interscholastic League.

Head coaches present were Dan Salkeld of Quannah, Grady Graves of Crowell, Will Gilmore of Vernon and A. D. Beck of Wichita Falls. School officials and members of coaching staffs present included: Principal D. O. Fulton of Vernon, Superintendent I. T. Graves of Crowell, W. C. Weir and Burnett Cox of Vernon, and Dan Stallworth of Quannah. Several others attended the meeting which was held at Vernon High School.

Quannah's Indians are now in possession of the trophy offered by the Wichita Falls Junior Chamber of Commerce to the conference champion. Crowell was awarded the trophy in 1935, the first season of conference play. The school winning the championship three years will gain permanent possession of the cup.

The schedule adopted follows:  
Jan. 8—Wichita Falls at Vernon; Crowell at Childress.  
Jan. 15—Quannah at Childress; Wichita Falls at Crowell.  
Jan. 19—Wichita Falls at Quannah.  
Jan. 20—Vernon at Crowell.  
Jan. 22—Childress at Wichita Falls; Vernon at Quannah.  
Jan. 26—Crowell at Quannah; Childress at Vernon.  
Jan. 29—Vernon at Wichita Falls; Childress at Crowell.  
Feb. 2—Childress at Quannah; Crowell at Wichita Falls.  
Feb. 5—Crowell at Vernon; Quannah at Wichita Falls.  
Feb. 9—Quannah at Vernon; Wichita Falls at Childress.  
Feb. 12—Quannah at Crowell; Vernon at Childress.

# Decision on Date Of Bobcat Game Due at Austin

Childress, Dec. 1. (AP)—A decision was awaited Tuesday from the Texas Interscholastic League on the date for the Amarillo-Childress bi-district football game here this week-end.

The dispute was referred to the League when school officials were unable to agree. Amarillo wanted the game set Saturday and Childress held out for Friday.

The time and place for other bi-district contests had been determined except whether the Port Arthur-Jeff Davis game at Houston would be Friday afternoon or night.

Hillside and Tivy High of Kerrville will play at San Antonio Friday night.

Other games will be in the afternoon at follows:  
Abilene at El Paso, Saturday; McKinney at Gainesville, Friday; North Dallas at North Side, Fort Worth, Saturday; Lufkin at Longview, Friday; and Edinburg at Corpus Christi, Friday.

# SARAZEN CLAIMS PRO GOLF NEEDS NEW ACT

Augusta, Ga., Dec. 1. (AP)—Gene Sarazen, the Connecticut farmer-golfer, thinks the professionals should give the game a new act, and suggested Monday that the pros delete the present medal play events.

"What golf needs," said the stocky veteran, "is a switch to match play. These medal play tournaments are becoming boring, not only to the pros but to the public. They lack the competitive fire, the old dog fight that carries gallery appeal."

Sarazen, who won the National Open title in 1922 and 1932, said he was going to initiate a campaign to that end, adding he believed the majority of professionals would favor the change.

"I'll tell you another thing that would help golf," he said, "we could have a Rose Bowl affair of our own, say with a \$25,000 cash prize to the winner in a tournament bringing together all of the big shots at the end of the year."

"With \$25,000 earned in one event you wouldn't have to go around playing in these two bit affairs every year. You could get by nicely for four or five years on 25,000 bucks."

# SIX UNBEATEN UNTIED TEAMS CLOSING SEASON

New York, Dec. 1. (AP)—Six of the nation's eight undefeated and untied college football teams had their records all bound up for the season Monday as only one played last week.

Arkansas State Teachers wound up its triumphant campaign with a 13-0 victory over Hendrix College, giving it its eighth consecutive victory. Western Reserve, slated to play its Cleveland rival, Case, the same afternoon, ran into a heavy snow and the game was postponed to next Saturday. Santa Clara is the only other which still has a game to play, meeting Texas Christian Dec. 12.

The undefeated and untied teams are: Tennessee Wesleyan, Western Reserve, Arkansas State Teachers, St. Benedict (Kan.), Middlebury, Carroll (Wis.) Santa Clara and Kirkville (Mo.) Teachers.

# PORKERS AIM AT LONGHORNS

AGGIES PREPARE FOR TRIP TO TYLER AS S. M. U. TRAINS FOR OWLS

(By The Associated Press)  
The University of Texas remained Tuesday the only obstacle between the University of Arkansas and its first Southwest Conference championship.

An Arkansas victory over the Longhorns in Saturday's game at Little Rock would give the Razorbacks the title, a loss would give it to Texas Christian and a tie would make the Porkers and Christians co-champions.

Arkansas led the loop in 1933 but was deprived of the championship when it was learned an ineligible substitute had played in a game. No champion was crowned.

The Razorbacks gave their attention to scout reports on Texas plays and brushed up the offense that has carried them to the top of the dizzy conference race. Ralph Rawlings, the Porkers' leading scorer, remained on the injury list.

The Longhorns were reported in top condition except for Duke Gilbreath, who suffered an eye injury in the Aggie game Thanksgiving Day. The team worked against Arkansas formations.

Southern Methodist meets Rice at Houston Saturday in the only other conference tilt of the week. It will be the final clash of the season for each team.

The Texas Aggies, tripped Thursday by Texas and the previous Saturday by Centenary, will seek to regain prestige against Chick Meekins' Manhattan Jaspers at Tyler Saturday.

Free of competition this week, Texas Christian's Horned Frogs go to San Francisco Dec. 11 to meet Santa Clara, the nation's only major undefeated and untied team.

The Baylor Bears have turned in their uniforms and started thinking of basketball.

# Cage Workouts For New Season Started by Lions

Equipment was issued to about twenty candidates as the Vernon High School Lions opened practice for the 1937 basketball season Monday afternoon. A brief workout was conducted under the direction of Head Coach Will Gilmore and Burnett Cox and Wilson Herring, assistants.

The coaches are faced with the task of building a cage machine from green and small material. The squad will not have a letterman from last year's team.

Additional candidates are expected to report this afternoon.

Simms To Meet Louis  
Cleveland, Dec. 1. (AP)—Eddie Simms, Cleveland heavyweight, has been signed to meet Joe Louis in the main bout of the Cleveland News Christmas fund boxing show, Dec. 14. Johnny Risko, originally scheduled to meet Louis, was forced to withdraw when he received a fractured rib in training last week.

Quannah Falls in Line.  
The Childress action leaves Quannah as the only Class A school in this section with "Class 2" facilities for covering a football game. Coaches Dan Stallworth and Dan Salkeld, visitors at the "Big Five" basketball meeting here Monday night, said improvements planned at the Indian athletic plant included the erection of a dandy press box.

Finger on Lions.  
At the football party in Wichita Falls early in September, Stallworth "put the finger" on Childress and Wichita Falls as the teams to lead the 2-A race this season. The finger action failed to jinx the two teams and they ended on top in the final standing. The Indian coach said Monday night he intended to "put the finger" on the Vernon Lions next season.

Hill Billies Tie Rattlers.  
San Antonio, Dec. 1. (AP)—Daniel Baker and St. Mary's University battled to a 6-6 deadlock in the mud here Monday night. St. Mary's scored late in the third period on a 53-yard run by Doug Locke and Daniel Baker knotted the count a few minutes later when Alvin Starnford took the kickoff and raced 89 yards for a tally.

TERRELL LEADS SCORERS  
Crowd Is Largest

Garland Terrell, powerhouse full-back of the Childress Bobcats, led the scoring race for the 1936 season in District 2-A with a total of 63 points resulting from 19 touchdowns. Joe Jennings of Electra, with 57 points was second. Charlie Hill of Wichita Falls and Lionel Cornish of Graham tied for third with 55 points.

Other scoring leaders were: Patrick of Electra, 46; Lockard of Vernon, 42; Hall of Quannah, 38; Edmondson of Quannah, 36; Hamilton of Electra, 30; Wright of Childress, 28; Neal of Wichita Falls, 25; Wood of Quannah, 24.

Morris in Brilliant Play  
Even with a member of the Lion football squad present for spotting duty, an error occurred in the reports by all sports writers concerning one of the best plays in the Lion-Coyote football game. Perry Morris and Charlie Smith did the ball carrying on the play in the early minutes of the contest which gal 3d 61 yards instead of Smith and Chaney Lockard, as reported in all accounts of the game. Morris cut through tackle and then latered to Smith when surrounded by Coyotes after picking up nearly 30 yards. Damerall, Coyote center who had been blocked out once, got to his feet and brought Smith down from behind on the Coyote 17.

About 95 per cent of the time, members of the press gang were able to correctly distinguish boys figuring in the many plays, but on a few plays it was difficult, even for the spotter who had been present for most of the workouts since practice first opened. Big and bright numbers, as worn by the Coyotes on both the front and backs of the jerseys, would be of great assistance in this respect.

Attendance Record Set  
Attendance at the Thanksgiving Day game here was the heaviest at the City Park stadium in two seasons, according to Superintendent W. T. Lofland. First estimates placed the crowd at 4,000. Based on receipts, the crowd is now estimated at about 4,700. W. reports yet to be made from a few rural sources, the receipts Monday morning stood at \$1,597. Last season's maximum was \$1,568.52 for the Thanksgiving Day game with the Quannah Indians.

Batting Average Drops  
An even 500 was batted in prediction by The Record on the outcome of football games last week. In 11 games, the results were 5.5 wins and 5.5 losses. For the entire season, 89 winners were picked in 131 games for a percentage of .679.

Last week's results, with predictions in parenthesis, follow: Vernon 20, Wichita Falls 19 (13-6); Childress 18, Quannah 0 (19-7); Olney 12, Electra 7 (0-6); Newcastle 14, Graham 13 (6-13); Texas 7, A. & M. 0 (7-14); T. C. U. 6, S. M. U. 0 (12-7); Baylor 10, Rice 7 (20-13); Hardin-Simmons 59, Morningstar 0 (19-0); Arkansas 23, Tulsa 13 (13-6); Navy 7, Army 0 (0-7); Loyola 12, Tech 0 (7-13).

Title Brings "Miracle."  
The district championship win by the Childress Bobcats has already brought about one "miracle." The school board has approved construction of a press box. # BOWL CONTEST INTEREST UP

HARDIN-SIMMONS COWBOYS GET INVITATION TO EL PASO CLASSIC

Interest in post season "bowl" games rose last week in widely scattered sections of the country as Hardin-Simmons University accepted an invitation to meet the Texas College of Mines eleven in the Sun Bowl game at El Paso Jan. 1, the Washington University Huskies clinched the right to represent the West Coast in the Rose Bowl at Pasadena on New Year's Day, and Louisiana State's Rose Bowl hopes took a sharp rise after the Tigers staged a sensational air attack to blast Tulane's Green Wave almost out of the stadium with a 33 to 0 victory.

Hardin-Simmons and the New Mexico Aggies played a 14 to 14 tie in last year's Sun Bowl contest. The Cowboys are rated stronger this year after winning six out of eight games played, losing only to Texas A. & M. and Baylor University.

L. S. U. fans set up a chant of "California, here we come," as the Tigers struck viciously through the air. The crippled Tulane eleven fought valiantly but had little chance as the L. S. U. eleven successfully defended its Southeastern Conference championship.

FINAL SMALL TRACK RACE OF SEASON GETS APPROVAL  
Austin, Dec. 1. (AP)—The Racing Commission has granted the final small track meet permit of the year to the Lower Rio Grande Valley Mid-Winter Fair at Harlingen.

The meet will run Dec. 2 to 12 under the direction of Ford Corkoran of Austin, operator.

Mrs. E. H. Thweatt, secretary to the Racing Commission, said the permit was the ninth granted to small tracks during 1936.

Others were Seguin, Two; Rusk, Panhandle, Amarillo, Midland, Kingsville and New Braunfels, one each.

# GOPHERS HOLD TOP RANKING

FINAL POLL CONDUCTED BY ASSOCIATED PRESS IS ANNOUNCED

New York, Dec. 1. (AP)—Minnesota's place on top of the national football heap for 1936 is emphasized in the year's final Associated Press poll of sports writers.

The seventh ranking list gives the Gophers a margin of 23 points over Louisiana State. They were picked for the top place by 25 of 35 experts who cast ballots. Nine of the other 10 listed L. S. U. first, while the other named Santa Clara's unbeaten and untied outfit.

Over the seven weeks span, the Gophers were picked for first place four times. After their defeat by Northwestern they dropped to second for three consecutive weeks but even then gave the Wildcats a close run. Pittsburgh, which climbed back to third place the final week, and Washington, the Pacific Coast's Rose Bowl entry, also have been in the first 10 every week. Louisiana State's record shows a steady climb from 13th place to second.

The voting in the ranking poll, on the customary 10-9-8-7-6-5-4-3-2-1 basis, gave Minnesota 332 points this week, Louisiana State 309 and Pitt 227. Alabama, which is reported to have the "inside track" for the Rose Bowl nomination, dropped from third to fourth with 215 while Washington was fifth with 215.

Other leaders were Santa Clara.

# GREEN BAY PACKERS NEAR ANOTHER TITLE

Chicago, Dec. 1. (AP)—The Green Bay Packers, who dominated the National Professional Football League picture from 1929 through 1931, need just one more victory—in the East-West playoff—to win their fourth championship.

The powerful Packers won their ninth straight game Sunday by downing the 1935 titleholders, Detroit, 26 to 17, before 22,000 spectators. The defeat ended Detroit's last mathematical chance of getting into the East-West playoff and assured Green Bay of the Western section title on a record of 10 victories and one defeat, with one game to play.

The Chicago Bears, who had engaged the Packers in a hot stretch duel for the Western crown, saw their last hopes fade when they were upset, 14 to 7, by their snappy home-town rivals, the Cardinals.

Boston's Redskins took the lead in the Eastern section race by beating Pittsburgh, 20 to 0, scoring in every period but the third.

Brooklyn's running offense was too much for Philadelphia, the Dodgers winning, 13 to 7. Bobby Wilson raced 61 yards for a touchdown in the second period.

### Colorful Tea Is Given Monday by Ladies' Auxiliary

A colorful Thanksgiving tea was given by members of the Ladies' Auxiliary of the Federated Presbyterian Church Monday afternoon from 5 to 6 o'clock at the home of Mrs. W. T. Elliott, 3103 Texas Street. The tea is an annual affair.

Decorations consisted chiefly of chrysanthemums and winter daisies in orchid shades, and the centerpiece of the tea table was a green bowl filled with the daisies and chrysanthemums with seven candles in rainbow colors forming the background.

Interesting Program Given. Mrs. W. T. Elliott and Mrs. C. H. Oliver greeted the guests as they arrived, and Mrs. C. Culbertson requested them to register. At the tea table Mrs. Emmett Crawford presided, assisted by Mesdames Bill Oliver, W. J. Kennedy, and M. M. Morrow. Mrs. Hugh Thompson was also a member of the home party, all of whom wore afternoon dresses.

The program was presented under the direction of Mrs. H. N. Cunningham and was as follows: Reading—"Adam and Eve," Mary Ann Sullivan; song—"Have Thine Own Way," Mrs. A. J. Lynn; Oklahoma; prayer—Mrs. W. T. Elliott; vocal solo—"One Fleeting Hour," Miss Aljio Murchison; accompanied by Miss Frances Murchison; reading—"The Christ of Common Folks," Miss Lucy Katherine Weath; vocal solo—"Just for Today," Jack Tucker, accompanied by Miss Frances Murchison. During the social hour incidental piano numbers were furnished by Misses Geraldine Sharp and Madelyn Weath.

Many Attend. Those who called during the afternoon were Jack Tucker, Misses Lilian Murchison, Aljio Murchison, Frances Murchison, Mary Ann Sullivan, Madelyn Weath, Lucy Katherine Weath, Geraldine Sharp, Maxine Elliott, Mesdames H. C. Thompson, Claude Oliver, John Minarik, A. J. Lynn, W. J. Kennedy, Emmett Crawford, M. C. Culbertson, M. M. Morrow, Bill Oliver, J. Sullivan, J. B. Copeland, L. H. Wall, Roy Thompson, R. B. Mr. and Mrs. W. B. Stokes, Jr., returned to Houston Tuesday morning after spending the Thanksgiving holidays with his parents, Miss Alice Stokes accompanied them for a visit until the Christmas holidays.

### 45TH ANNIVERSARY OF MARRIAGE IS OBSERVED SUNDAY

Mr. and Mrs. R. L. Castlebury celebrated their 45th wedding anniversary with a family dinner Sunday at their home in Castlebury Park. A number of old friends called informally during the afternoon to congratulate them and offer good wishes.

On Nov. 29, 1891 Miss Belle Hatcher, daughter of the late Mr. and Mrs. R. E. Hatcher, became the bride of R. L. Castlebury, both Mr. and Mrs. Castlebury resided in Vernon at the time and they were married by a Baptist minister, in the absence of the Methodist pastor, who was absent from Vernon to attend conference.

Mr. and Mrs. Castlebury have five children: Brown Castlebury, Mrs. Albert C. Walker, Mrs. C. M. Hardison, Miss Robbi Castlebury, and Mrs. George Cooper of Springfield, Mo. The couple's three grandchildren and their children, with the exception of Mrs. Cooper, were present for the occasion.

### Calvary Baptist Women Note Week of Prayer

A week of prayer program was given by women of the Calvary Baptist W. M. S. Monday afternoon at the church, Mrs. S. H. Southall brought the devotion from Luke 4: 18-19, followed with prayer by Mrs. B. Smith. Twelve members were present.

Talks given on the program were as follows: "Ye Have Done It Unto Me," Mrs. T. C. Peden; "In the Land of the Southern Cross," Mrs. E. W. Hughes; "Remembering Mrs. Lottie Moon," Mrs. T. W. McNeely; "Among Women in Argentina and Uruguay," Mrs. B. F. LaDuke; "Educational Work in Chile," Mrs. A. C. Lee; "Seminary Training in Chile," Mrs. J. M. Gray; "Medical Work in North China," Mrs. A. C. Williams; Mrs. Pearl Howard dismissed the group with prayer. The program will be continued throughout the week.

### ROCK CROSSING COUPLE ENTERTAINS CLUB

Mr. and Mrs. H. D. Huttmacher of Rock Crossing were host and hostess to the Lone Star Bridge Club of that community Monday evening. High score went to Mr. Huttmacher and Mrs. W. F. Edson, and L. L. McGuff, and the hostess, Mrs. Huttmacher.

Sandwiches, fruit salad, cocoa, and coffee, and cookies were served to Messrs. and Mesdames M. D. McNeely, W. T. Drennan, W. F. Edson, W. F. Garrison, L. L. McGuff, and the hostess, Mr. and Mrs. Huttmacher.

### Winsome Members Conduct Baptist W. M. S. Program

Members of the Winsome Sunday School Class had charge of the program Monday at a meeting of the Women's Missionary Society of the First Baptist Church. Mrs. W. C. Lunday is president of the class and Mrs. H. G. Cox is teacher.

"Evangelistic Work on Foreign Fields" was the topic for the afternoon in connection with observance of World Wide Mission Week. Programs will be given each day through Friday, present plans indicate, with adult women's Sunday School classes in charge.

The program was as follows: Prayer and devotionals, Mrs. Cox; "Appreciation and Appeal for Foreign Mission Board," Mrs. Lunday; "Land of the Southern Cross," Mrs. S. A. White; "Evangelism Among the Women in Argentina and Uruguay," Mrs. Ralph Stevenson; "Evangelists in China," Mrs. G. O. Griffith; "Miss Lottie Moon," Mrs. Bruce Barker; song and closing prayer by Mrs. Lunday.

Those present were Mesdames J. O. Rouse, G. O. Griffith, R. C. Sherrard, Oscar White, Ralph Stevenson, S. F. Davis, W. C. Lunday, H. G. Cox, Bruce Barker, W. N. Martin, J. E. Wren, J. V. Owen, H. H. ### Houston Girl Is Wed To Former Vernon Resident

Mr. and Mrs. Joseph A. Collins of Houston have returned home from a wedding trip to Mexico City and Monterey, according to word received in Vernon by relatives of Mr. Collins. A former Vernon resident, Mr. Collins is a nephew of Mrs. R. T. Evans, Mrs. Harry Mason, and Arch Collins, and at one time he made his home here with Mr. and Mrs. Evans.

Mr. and Mrs. Collins were married in a twilight ceremony on Nov. 29 at the First Christian Church of Houston, with Dr. Harry K. Knowles reading the service. Following their wedding trip they are now at home at 3737 Grandstar Street, Houston.

Mrs. Collins was before her marriage, Miss Fay Hutchinson, and was born, reared, and educated in Houston. She is a member of a prominent family of that city. Mr. Collins is a son of Mrs. R. G. Hodges of Frederick, Okla. He attended Texas A. & M. College and Texas Christian University before taking a business course in Chicago. He is assistant to the secretary of the Houston Chamber of Commerce.

### Harold Forty-Two Club Meets in McClure Home

Mr. and Mrs. Tom McClure of Harrold recently entertained the "Our Gang Forty-Two Club" at their home. Mrs. L. Quisenberry received high score for the women and Ray Cruce for the men. Mrs. Sammie McDaniel of Kirkland was presented with a guest award.

Refreshments were served to Mrs. McDaniel, and the following members: Messrs. and Mesdames Ray Cruce, V. M. Havens, C. H. Nowlin, Mrs. Harston, H. J. Fowler, J. W. Harston, Misses Betty Joyce Havens, Dorothy Nowlin, and the host and hostess, Mr. and Mrs. Tom McClure.

4-H Club Rally Day for both boys and girls has been indefinitely postponed, according to announcement made Tuesday by Miss Doris Leggett, County Home Demonstration Agent, and Fred Remels, County Farm Agent. The joint meeting was set for Dec. 5, but was delayed because of County Federation Day and the absence of both agents from the county.

Class Party Postponed. The regular monthly meeting of the Wesley Workers' Class of the First Methodist Church has been postponed from Friday, Dec. 4, until Friday, Dec. 11, at 7:30 p. m. The class Christmas party will be given at that time.

Continuing a series related to "World Wide Mission Week," the Fidelis Class of the First Baptist Church will present a program Wednesday evening at 8:15 o'clock in the prayer service room of the church. The observance will follow a regular meeting of Sunday school officers and teachers and will supplant the regular mid-week prayer service.

The class teacher, Mrs. Buford McDougal, will act as leader of the program on "Medical Missions in Foreign Fields," and will tell the number of missionaries in foreign countries and their needs. After a hymn and the scripture reading by Mrs. Seth Geis, special music will be furnished by a trio composed of Mesdames L. B. Howard, E. A. Vernon, and Roy Wright, with Miss Mattie Smith as accompanist.

A playlet will be given by Mrs. McDougal and six members of the class, who will be dressed as nurses. Those who are to participate include Mesdames James G. McKinney, S. E. Smith, Jesse Owens, D. B. Brook, J. B. Allen, and R. G. Digs. Mrs. Owens is the class president.

Women present at the meeting were Mesdames F. A. Caperton, B. F. Owens, S. F. Davis, W. P. Thomas, A. J. Carpenter, W. L. Tittle, J. W. Cole, L. E. McCurdy, and C. F. McGaha.

### SCOTCH PLAIDS STILL POPULAR AS ACCESSORIES

Denton, Dec. 1.—Undiluted Scotch accessories provide effective bright spots for dull winter clothes. Whether the Scotch plaid blouses, jackets, skirts, and scarfs are used or some of the newly unpacked computers, comb cases, and coin purses, such an ensemble is sure to lend a ray note to a dull winter season.

If individual plaids are demanded, no trouble will be experienced finding a special mixture. Two slick new topcoats are of the half and half Scotch mixture. One is of lapin with the authentic Scotch plaid used as a lining. It boasts the additional trick of being reversible.

The other coat is a reversible wool plaid and waterproof cravenette. The cravenette is a good looking beige color, the wool of a huge dark blue, green, and beige Scotch plaid. Raglan shoulders, wide, loose, comfortable sleeves that can be strapped snugly in place at the wrist, just enough flare to make them swing smartly, and deep pockets make these practical coats well worth every penny the buyer is asked to pay. They'll last for years, and still be smart in line and style. And, according to all the best fashion rumors, Scotch will be just as good this coming spring as it has been these last few months.

Plaid skirts when worn with dark plain tops are especially popular with girls at Texas State College for Women, (CIA), and they often reverse the situation and wear bright tops with dark colored skirts. Brilliant plaid scarfs are always a welcomed addition to these sports ensembles.

### Methodist Bible Class Reviews Recent Study

A review of the recent home mission study, "A Preface to Racial Understanding," was undertaken Monday afternoon by the Bible study class of the First Methodist Church, with the purpose of formulating practical means of aiding the Negro. Mrs. B. F. Owens was appointed as chairman to report next Monday to the W. M. S. some definite suggestions in this regard.

Following the devotionals by Mrs. W. P. Thomas, study superintendent, Mrs. E. A. Caperton, president of the society, gave a summary of a speech by Professor T. W. Cole, principal of the Booker T. Washington School here. His talk on the needs of the Negroes was given at a meeting of the Presbyterian Auxiliary last Monday. Under the direction of L. O. Shelton, another teacher in the school, a group of Negro spirituals were sung by Ocie Lee Bennett, Ruby Bennett, Dorothy Darby, Catherine Crockett, Anadell Murry, Thelma Reed, Mildred Chalk, Annie Zue Jackson, Oestavia Douglas, and Johnnie Mae Jenkins.

Women present at the meeting were Mesdames F. A. Caperton, B. F. Owens, S. F. Davis, W. P. Thomas, A. J. Carpenter, W. L. Tittle, J. W. Cole, L. E. McCurdy, and C. F. McGaha.

### JUDGE ORDERS CASTOR OIL

### LEGAL PATH CLEARED FOR PRESCRIPTION BY COURT IN SPOKANE

Spokane, Wash., Dec. 1. (UP)—"Emergency" legal machinery was prepared Tuesday for administration of castor oil to three prisoners in the city jail.

The prescription was one of justice, not medicine. Justice Frank Yuse, trying to eliminate repeaters from the Police "Court of Drunken Relations," decreed 10 days in jail or an overdose dose of castor oil for inebriates brought before him twice in any month.

Three of the first four cited for drunkenness chose the "penitents' justice." Justice Yuse had decreed the oil should be administered in a physician's presence. The plan struck its first snag when Dr. Ralph Hendricks, Public Health Commissioner, refused to link his department with the oil remedy.

In the event the consequences should be serious, Dr. Hendricks observed, "I have little doubt the city would be liable for a damage suit." Assistant Corporation Counsel Louis W. Conyard moved promptly for legal protection against any slip in the oiling program. He vouched for the legal safety of the plan by having the prisoners sign waivers in choosing the oil sentence.

Dr. C. W. Countryman, police surgeon, previously had recommended a half pint dose of oil as non-harmful and non-habit forming. However, he said he personally would prefer a jail sentence.

Justice Yuse said the castor oil would disfigure sex lines. After a woman pleaded guilty to drunkenness, Justice Yuse warned: "Watch your step for the next month; if you come back it will be jail or oil."

### MARY MCCORMIC DEFIES RUMOR OF MARRIAGE RIFT

Hollywood, Calif., Dec. 1. (UP)—Defying Hollywood gossip to rumor the crash of her fourth marriage, Mary McCormic, operatic soprano, settled down in bachelor quarters Tuesday. "It's about time for the rumors to begin circling," laughed the 37-year-old diva as she flew in unaccompanied, from Amarillo, Texas, at midnight.

"My husband doesn't need a wife chasing after him and I don't need a husband chasing after me." The man she married last week—Homer V. Johannsen, 35, attorney—is in Chicago, Miss McCormic explained, for "we've got work to do."

"My father in Amarillo wanted to see him, too. But I decided to wait until later to show him off down there in the cattle country."

"I'll probably fly back to Chicago for the holidays, in case he doesn't fly out here. Meanwhile, I hope I get over an awful cold."

### "World Wide Missions" Is Topic for W. M. S.

A program on "World Wide Missions" was given by members of the Rock Crossing Baptist W. M. S. Monday afternoon at the community hall with Mrs. E. E. Dardis, president in charge. The society will continue observance of the week with a day of prayer Friday, the subject for which will be "Around the World."

Mrs. E. E. Dardis led the devotionals, and after a prayer by Mrs. W. P. Edson, the following topics were discussed: "Need of the Foreign Mission Board and Life of Lottie Moon," Mrs. Dardis; "Educational Work on Foreign Fields," Mrs. T. C. Bratcher; "Medical Work on Foreign Fields," Mrs. H. J. Brook; "Our Unfinished Task," Mrs. J. L. Hart, and Mrs. Dardis read "Jesus Calls Us," and Mrs. G. D. Geiss led in prayer for all missionaries. A card of thanks from Buckner Orphans' Home at Dallas was also read.

Those present were Mesdames E. E. Dardis, W. F. Edson, J. L. Hart, G. G. Speed, T. C. Bratcher, H. J. Brook, and G. Davis.

### Program Is Announced For Delphin Meeting

Mrs. W. N. Stokes will be director of a program on "Whither Youth?" at a meeting of the Delphin Club Wednesday afternoon at 3 o'clock at the home of Mrs. J. E. Collins, 2108 Fannin Street, with Mrs. J. H. Ray as hostess.

Topics on the program were announced Tuesday by Mrs. Stokes. They are as follows: "Youth in College," Mrs. M. D. Welby; "New Trends in Education," Mrs. J. J. Mairhead; "Youth Plans for a Civilized World," Mrs. Stokes; "Effective Speech," Mrs. Walter Hoffmann.

This is the sixth of a series of programs under the general topic "Education for Living in a Changing World."

### Great Lakes Ship Safe

Sault Ste. Marie, Mich., Dec. 1. (UP)—Captain Louis Patvin noted the overdue grain freighter J. F. Burston southward through the ice choked St. Mary's River Tuesday afternoon. The ship was reported missing after reporting in here from a hard five-day trip across snow-swept Lake Superior. The Great Lakes Steamship Company freighter carried no wireless equipment and the delay brought fears for its safety.

### MARRIAGES OF AMERICANS TO FOREIGNERS BRING ACTION

Washington, Dec. 1. (UP)—Expressing concern at the large number of marriages of American diplomatic and consular officers to foreigners, the State Department Tuesday made public an executive order by President Roosevelt forbidding them to contract such unions without specific permission of the Secretary of State.

Smarden, England, will have a scrapbook to record village events.

### Question About CARDUI HOW IT HELPS WOMEN

"Who takes Cardui?" Women who are run-down, weakened, nervous, from not getting sufficient strength from the food they eat. Thousands and thousands have found that Cardui increased their appetite, improved their digestion, thereby promoting better nourishment, and the consequent strengthening of the whole system.

And women who have suffered from functional pains of menstruation just before and during the periods, this purely vegetable sedative and antispasmodic seemed to save them much discomfort. This action of Cardui is highly esteemed because the relief credited to it comes in an entirely beneficial way. Cardui is a purely vegetable; nothing in it to be afraid of.

## Better Show Coming.

The central exposition in celebration of the hundredth anniversary year of Texas independence closes Sunday night. More than 25 million dollars was spent on the Dallas exposition and it was visited by more than six and a quarter million people. It had been hoped that the attendance for the six months' show would go far above this figure, but even so the Centennial in Dallas must be counted a success.

The exposition will be open again next year for another run of six months. This is a wise decision. It would be foolish to dismantle a show that cost as much as this one when there are still large numbers of people all over the country who would like to visit Texas and who will come to the second season of the Centennial.

One of the unfortunate things about expositions is that they are always put on by amateurs. This is necessarily true, because there are too few of them for any one to become expert in the various ramifications of exposition management. If more than one world's fair is staged in the same city they are so far separated in time that those who put on the first are off the scene of action by the time the second is held. Another factor is that conditions changed so rapidly that knowledge is soon out of date.

The second showing of the Texas Centennial should be a better attraction than the first and the attendance should be larger. The entire State will profit from the publicity received by this year's exposition and should reap an even larger return in 1937. The Texas Centennial is not closed. It is merely going into winter quarters to prepare for a bigger and better show next season.

## Educational Values.

A speaker at the State Teachers Association convention in Fort Worth the other day urged a change in viewpoint on the part of many teachers in the secondary schools with a view of giving direction to vocational inclination and aptitude. The same speaker said a fundamental need of the educational system is to give students a right attitude toward their training and the use they make of it.

He raised the question of why so many young people when seeking employment first ask to know how much money they will get and how many hours they must work. The suggestion was offered that right educational emphasis would give young people the right conception of work as an opportunity to do something useful, and not merely the means of making money.

There can be little doubt that some of these implied criticisms are justified. Every employer has had the experience of being cross-examined by applicants for work on the subject of wages and hours. These are important questions to be determined in settling a question of employment, but most employers have learned from experience that those who place the emphasis on compensation rarely make satisfactory employees.

This does not mean that such matters as wages and hours should be disregarded, but in the main those who have the right attitude toward their jobs get more wages than those who make wages the primary consideration. The clock watcher doesn't get ahead and teachers have a much better opportunity to impress these fundamental lessons than does the employer. The employer is always suspected of selfish motive when he

undertakes a little educational work. The value of education would be enhanced greatly if educators should get the conception that teaching people is more important than teaching subjects. Many teachers, of course, have this viewpoint and apply it with splendid results, but the number could be increased to good advantage.

## Motive Is There.

A few days ago it was announced that Mr. James A. Farley, in his capacity as chairman of the Democratic National committee, allotted 3,015 jobs to Tammany Hall for distribution among the faithful and deserving party workers. Most of the jobs were temporary, being appointments to fill in the number of extra workers needed to handle the rush of mail during the Christmas rush.

The distribution of the jobs is to be made along lines strictly approved by Tammany leaders and found to be effective as a means of keeping the organization intact. District leaders will have certain places to fill and names will be certified to the Tammany bosses and the jobs will be handed out with no misunderstandings as to where they came from or who is responsible for them. It is a fine old custom which has been developed to a high degree of efficiency by Tammany Hall.

Of chief interest in the announcement, however, is the statement that this is the first time the Roosevelt Administration has dispensed even this humble type of patronage through Tammany. In 1932 Tammany espoused the cause of her distinguished son, Al Smith, in his ambition to become the nominee of the Democratic party for President. That created a coolness between the Democratic machine in New York City and the national party organization. In politics it is quite as important to know how to treat enemies as it is to know how to deal with friends. Consequently, as punishment for supporting Mr. Smith for the nomination in 1932 and a lack of enthusiasm for Mr. Roosevelt after the nomination Tammany was denied all important patronage.

In 1933 Mayor LaGuardia defeated the Tammany ticket and has since come to be recognized as a friend and supporter of the Roosevelt Administration, although nominally he is still a Republican. In the recent campaign Tammany came through in grand style for the national ticket and accordingly Mr. Farley is willing to let bygones be just that. There is nothing unusual in this procedure. It is in line with well-established political customs in both major parties. Mayor LaGuardia will be up for re-election next year and the apparent healing of the breach between Tammany and the national party chiefs indicates that notwithstanding his help in the late campaign, the Mayor is slated to walk the plank, just as Senator Cutting of New Mexico was thrown over in 1934. The case of Senator Norris of Nebraska is different because he happened to come up for re-election in presidential year. There is an old saying that nothing ever happens in politics without a motive.

## FORMER UTILITY HEAD CHARGED IN COMPANY LOSS

Chicago, Dec. 1. (AP)—The Utilities Power and Light Corporation, huge holding company which Harley L. Clarke headed until a month ago, filed suit against Clark Monday, charging he bilked the company of more than \$3,000,000.

The company charged he "devised schemes and artifices to defraud" his concern, both by "colorable transactions between certain subsidiaries" and by making "excessive or fictitious" charges for expenditures made while he was at the company's helm. A third accusation asserted he made false entries on its books.

Clarke headed the holding company from its inception, in 1915, seeing it grow to international proportions, with branches in Great Britain and Canada as well as the United States.

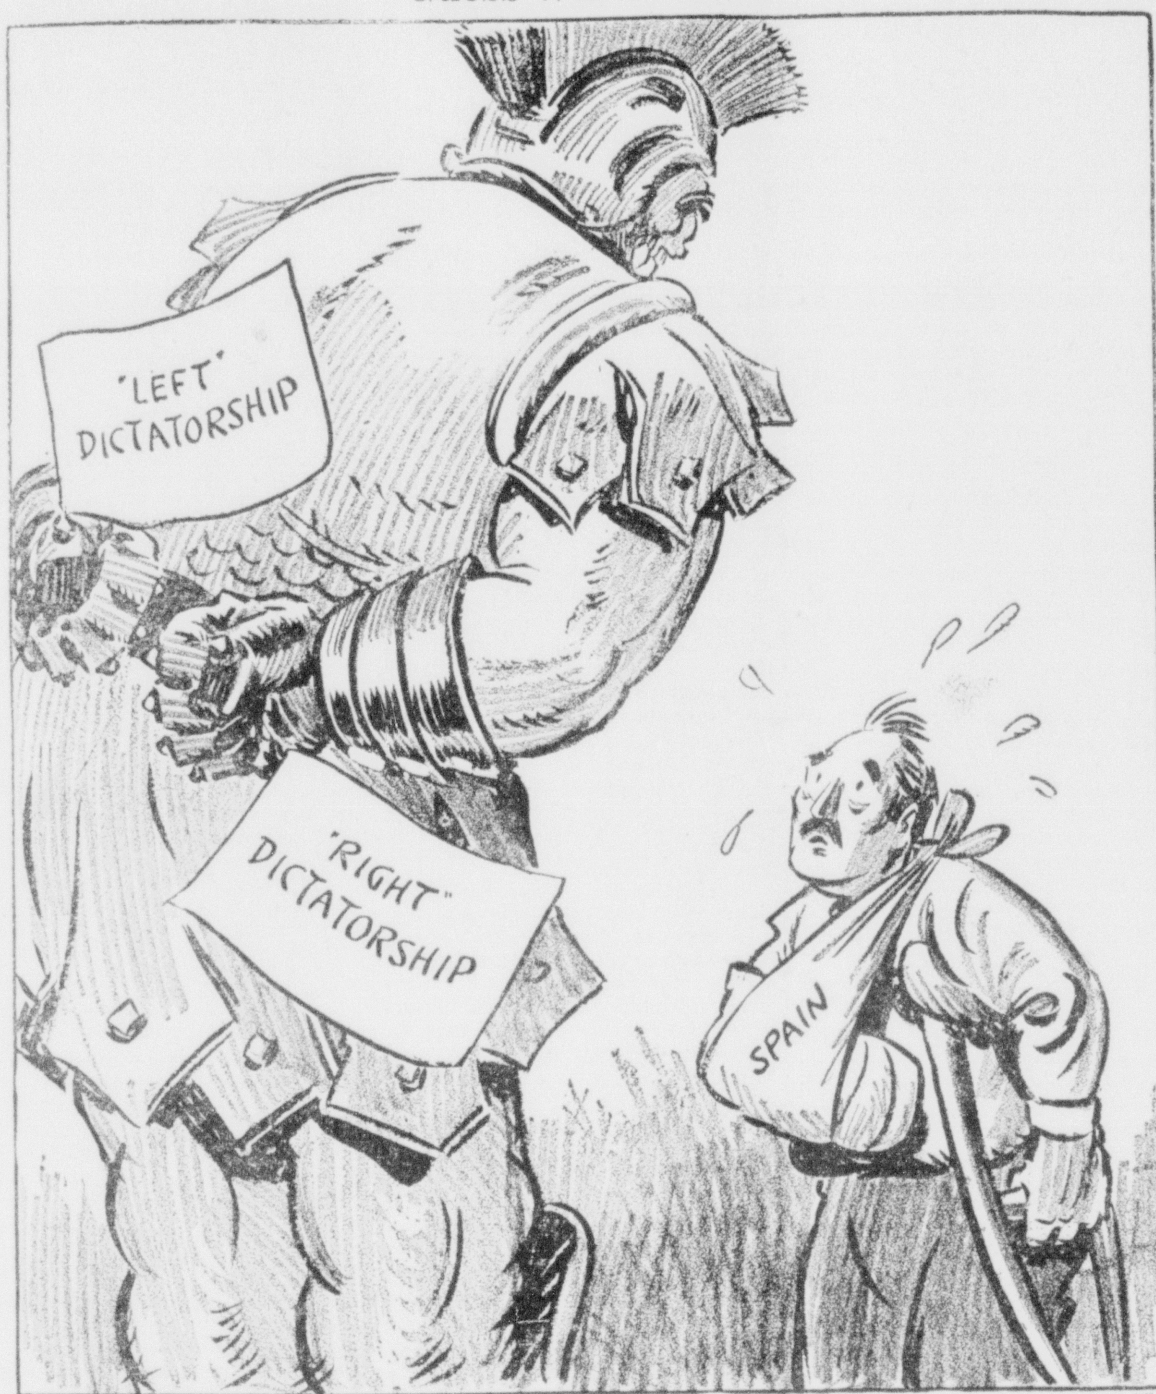

## ALLRED PRAISES RANGER IN KING RANCH CASE

Austin, Dec. 1. (AP)—Allred said Monday the disappearance of two hunters on the King Ranch was a "serious thing" but Ranger Capt. William McMurrey was "the best qualified man in the world" to solve the mystery.

He disclosed he had received a letter from the wife of one of the missing men complimenting Capt. McMurrey in his work.

"Cap McMurrey is a marvelous brush hunter, Ranger," Allred said. "If he can't solve that case, no one can."

## CROWELL XMAS PLANS READY

COMMUNITY PROGRAM ON DEC. 11 TO LAUNCH HOLIDAY SEASON

Crowell, Dec. 1.—Plans for Crowell's annual Christmas opening to be held Friday night, Dec. 11, are rapidly nearing completion with all committees making preparations for the gala event.

At 6:30 p. m. on the opening night the Crowell High School chorus will meet on the steps of the courthouse to sing "Silent Night" as the town remains in total darkness with the exception of flashlights maneuvered by the singers. As the song ends, the lights will be flashed on and the newly decorated windows of the stores of Crowell will be uncovered to show their Christmas displays. Christmas lights over the streets will flash on for the first time as the song ends.

Ten turkeys will be thrown from the top of the courthouse and will be given to those who can catch them. Two guineas will also be tossed.

A program will be given from a stage erected on the courthouse lawn and all the schools of the county will participate in the program.

To entertain the children Santa Claus will be in Crowell on the night of the opening and sacks of candy and balloons will be distributed among them.

All the stores who wish may enter a window contest for the best window display and two prizes will be given for the winners. In charge of the window contest are Ernest King and Leon Speers. Judges to pick the winners will be selected by the window committee.

The Farmers and Business Men's Association is sponsoring a home decorating contest which will be judged during Christmas week before Dec. 25. The prizes are being furnished by the West Texas Utilities Company. First prize is an \$8.95 indirect floor lamp and second prize is a \$5.95 student lamp.

Judges of the home decorating contest will not be announced. The time of judging is also unannounced other than it will be between Dec. 20 and 25.

A. Y. Beverly was chosen as chairman of the program committee and W. H. Meyer was selected to obtain the turkeys.

## DRAKE SWINDLE CASE IS DISMISSED AT CHICAGO

Chicago, Dec. 1. (AP)—Federal Judge Philip L. Sullivan formally ended the Sir Francis Drake swindle trial Monday by dismissing the indictment pending here against Oscar M. Hartzell, an alleged ringleader.

Hartzell and seven others of more than a score of defendants were convicted here of using the mails to defraud 70,000 midwesterners in a scheme whereby an "their" to the buccannier's riches was supposedly uncovered.

Hartzell, however, must remain in the government hospital at Springfield, Mo., to serve out a ten year sentence already imposed after a previous conviction on similar charges in Sioux City, Iowa. He was transferred to the hospital from the Leavenworth Penitentiary.

## Given Life in Slaying

Los Angeles, Dec. (AP)—Raymond Johnson, a cafe worker, was sentenced Monday to life imprisonment on the charge that he murdered his Japanese sweetheart, Miki Takakura, an actress. A jury last week decided Johnson slashed her throat with a butcher knife when he learned she had transferred her love to another man.

## Battling Crooner Denies Rumors of Fight With Navy

Hollywood, Calif., Dec. 1. (AP)—Bing Crosby's reputation as a battling crooner flourished Monday, based on a couple of blows outside a San Diego cafe which he denied were aimed at heckling sailors of the United States fleet.

"The Navy was on our side," explained Crosby to his brother, Larry, who as business manager has been busy about damage suits and such. "There wasn't much to it—a poke or two—but it was all settled to everybody's satisfaction. Let's forget it."

Bing was unavailable for comment. Larry offered this version: Bing and a friend, Lynn Howard, visited a San Diego cafe after hunting quail on Crosby's nearby ranch. A civilian customer recognized the film star. Soon he impugned the honor of crooners, and Crosby's in particular, in a public statement.

Bing's ire was aroused. The principals and a group of sailors stepped out into the street. Then, as the action threatened to become hot and heavy, police enforced peace.

"One report had it that Bing offered to fight the sailors, but Bing told me he and the Navy had always been on the same side," Larry said. "Apparently there was little damage done. Bing didn't even have a skinned knuckle."

## JESSE JAMES EXPLAINS SHOOTING BY BOB FORD

Jesse James, the original Missouri outlaw who was supposed to have been shot by Bob Ford on April 3, 1882, has returned to the realm of the living after a hide-out of 51 years, and will be seen in person at the Majestic Theater in Vernon beginning Wednesday.

Explaining that the historical "picture-on-the-wall" shooting was a frame-up, James says that he, his brother, Frank, and his brother, Alvin, did not kill Charles Bigelow, an outlaw who had been committing crimes and leaving indications that it was the work of the James boys. When Ford shot Bigelow, Jesse immediately rushed into the room and changed guns and other marks of identification with the slain man, and escaped into the hiding that was destined to end his life.

During his seclusion, James earned a quiet living as a dealer in cattle and race horses, spending most of the time in Colorado, and passing under the name of "Jim Williams."

When he decided to return to public life, Jesse James obtained assurances in Washington that charges once in effect against him were no longer in force because there were no living witnesses. Accompanied by a delegation of early settlers who had identified him, James also paid a visit to the Governor of Missouri and was told that when the \$10,000 reward was paid to Bob Ford, the case was officially closed as far as the State of Missouri was concerned.

In his appearance at the Majestic, James will recount the high-lights of his most interesting experiences and will describe his escape in detail.

## GALLI-CURCI HAS REGAINED VOICE, SAYS MUSIC CRITIC

Chicago, Dec. 1. (AP)—Eugene Stinson, Chicago music critic, expressed the opinion Monday that Amelia Galli-Curci had regained her voice.

One of the critics who expressed disappointment in her recent "recital" debut, Stinson of the Chicago Daily News staff, wrote: "Galli-Curci can sing, and after the failure of her 'Boheme' last Tuesday she has given indisputable evidence of a comeback in a set of microphone recordings which attest the amazing fitness of her vocalism."

## GOVERNOR OF VERMONT HELD IN BANK PROBE

Rutland, Vt., Dec. 1. (AP)—State Attorney Asa S. Bloomer issued a warrant Monday against Governor Charles M. Smith, president of the Marble Savings Bank, charging him with concealing thefts. The Governor was released in \$5,000 bail, without being arraigned.

The warrant was served on the Governor in his bank office. John J. Cocklin, an officer of the bank, was recently convicted of embezzling \$124,000 in bank funds.

Some time ago, Lathrop Baldwin, the bank treasurer, was convicted of perjury in the same case. During the past nine years, the State charges \$251,000 has been embezzled from the bank.

## CUPID STYMIED AS MARRYING JUSTICE BEMOANS HIS FATE

Carlsbad, N. M., Dec. 1. (AP)—County Clerk Rude Wilcox pondered the vagaries of fate Monday.

For more than a week Cupid has been stymied in Eddy County because the Clerk ran out of marriage licenses. More than 20 blissful couples were advised to go elsewhere. Frank Richards, "marring" justice of the peace, bemoaned the state of his business.

A substantial shipment of licenses finally arrived in response to frantic pleas, and—

Just one was applied for Monday. Wilcox figures Cupid has lost faith.

## CONTROL

He must watch his instrument panel very carefully to be sure that everything is under control.

Many individuals consider a checking account the equivalent of the pilot's instrument board, for it is the medium through which they control their finances. By depositing all income and paying all bills by check, a complete record of income and outgo is maintained.

A checking account at this bank will give you similar control over your money matters.

## STATE LABOR LAWS TALKED MEASURES OUTLINED FOR CONSIDERATION BY NEW LEGISLATURE

Austin, Dec. 1. (P)—Officials of the State Labor Department have started work on a series of bills which they will ask the Legislature to pass at its regular session opening next month. They are designed to further safeguard the rights of workers.

The main labor controversy, as in many past sessions, likely will be on ratification of the proposed child labor amendment to the United States Constitution. The amendment has been up for State consideration for 12 years but advocates never have been able to obtain a favorable vote in the Senate. The House several times has approved it.

Another question which might cause considerable discussion is what to do with boxing and wrestling. The Labor Commissioner now supervises these sports. Both the State Federation of Labor and Commissioner Fred E. Nichols feel some other agency should handle them.

The Women's Bureau of the United States Labor Department recently attacked the Texas maximum hour law for women, asserting it was inadequate. The law permits the working of women 34 hours a week. The State Labor Department will seek to have the maximum reduced to 48 hours, with one rest day required.

Lawson Wimberly, chief deputy in the State Department, said the prevailing wage scale law should be amended to provide that the Department would determine the prevailing wage on public works.

The Department also will seek to put "teeth" in the law designed to force employers to pay wage claims against them, Wimberly stated.

## MIDWEST DESPERADO HELD AFTER LONG HUNT MADE

Indianapolis, Dec. 1. (P)—The law of averages finally caught up with George Daffron, 26, of Vincennes, Ind., a dapper midwest desperado, who boasts he's "the best automobile driver in the country."

Since Oct. 27 police have set numerous traps for Daffron, wanted on charges of robbery, burglary, auto theft and kidnapping, but he slipped through everyone of them until now. A squad of State policemen, aided by Daviess County officers, surprised Daffron and a woman companion in their locked car in a corn field near Elmore and arrested them without firing a shot.

Police said Daffron denied kidnapping Mr. and Mrs. James Carter and their small child recently and forcing them to drive him to Texas. The Carters were arrested at Terre Haute recently after their return to Indiana.

Police said Daffron claimed the Carters accompanied him willingly on the trip to Texas.

Officers said he admitted burglarizing in Indiana and passing fraudulent checks in Indiana, Ohio, Illinois, Missouri and Texas.

**Papa Spank!**  
Winston-Salem, N. C., Dec. 1. (P)—County Welfare Officer A. W. Cline considered sending a 63-year-old Negro to the county home. "I don't want to go to any county home, I want to go home to my daddy," the gray-haired Negro protested. So home he went. The 82-year-old father threatened to thrash his son for taking "rambling spells" but let him off pending good behavior.

## HUGE EXPENDITURE OUTLINED IN PROGRAM TO HALT LOSSES BY FLOODS IN BRAZOS VALLEY

Temple, Dec. 1. (P)—Texans have accepted the challenge of the treacherous Brazos River, matching ingenuity and scientific water-control against the caprice of a stream which has taken a toll of hundreds of human lives and a property toll of millions of dollars.

The Brazos Conservation and Reclamation District proposes to wipe out the monstrous flood hazard of this stream which drains an area upon which 27 per cent of the State's population lives. In addition to the primary purpose of flood control, John A. Norris, general manager of the district, explained that the district also proposes to:

1. Conserve water for irrigation and for industrial and municipal uses;
2. Conserve and reclaim the soil;
3. Produce hydro-electric power.

Construction of the first dam in a chain of 13 major reservoirs outlined for the project is expected to get under way in the early part of 1937, Norris said. This will be the Possum Kingdom dam near Mineral Wells in Palo Pinto County. Already the groundwork for this important initial construction has been laid and the United States Army engineers who are in charge of building are now working on final details.

Major Eric Harquinius, chief of mapping and surveys, reported that all mapping and field work on the Possum Kingdom and Cordova Bend reservoir areas has been completed. Field work is finished in the Leon, Lampasas, Breckenridge and Seymour areas. It is from two to 80 per cent complete in four other regions and has not been started in the remaining two.

There has been no great outlay of funds to date on this major flood control project, but an ultimate expenditure of millions of dollars to forestall a possible untold loss of millions in water damage is in immediate prospect.

Norris reported the district thus

## PRINCESS HELD IN DEATH OF HUSBAND IN MEXICO

Mexico City, Dec. 1. (P)—Princess Conceita Leone De Nizeratze, charged formally with killing her titled husband, was held here in "female killers" row of the Mexico City central jail.

Police said Leo B. Cranroos, Finnish vice consul, told them he witnessed the fatal shooting of the Georgian prince, Vladimir Nizeratze, Saturday night.

Officials declared Granroos identified the 35-year-old Italian born Princess as her husband's assailant. They said Granroos told them he disarmed her and held her for arrest after she had fired several times at Nizeratze.

Police officials said she admitted killing her husband "because I could not bear the idea of losing him."

Granroos told police, they said, the Prince and Princess separated last September, and that the Princess, in fear her husband was leaving her permanently, had appealed to the Vice Consul to act as an intermediary for her.

day somewhere on the \$5,000,000 stock "farm" unloaded in Chicago for the 37th International Livestock Exposition.

An international group of judges, headed by Walter Biggar of Dalbeattie, Scotland, will seek him out to bestow the show's highest award—that of grand champion steer.

All judging in the cattle division of the giant exposition was in a sense preliminary to the hushed moment, when Biggar, with a final survey of the champions, will step forward and pat the back of the grand one.

**Maybe Surprise Killed It.**  
San Angelo, Dec. 1. (P)—John Boles, screen actor, went hunting in the hill country southeast of here. He brought back a 95-pound, 8-point buck, killed by a single shot. But hunting companions said Boles fired 18 times before the buck fell.
